Glassies And Grocers Play Tonight

"Since April I have tried and tried
To fan this bird," he swore;
"Now why in thunder couldn't I
Have thought of this before?"

MONONGAH IS FAVORITE IN THIS BATTLE

Grocers May Take a Brace and Make Trouble.

This evening the Stevenson and Monongah Glass teams in the city league will battle at South Side Park. If the weather man will permit, of course the Glassies are picked to win the contest in rather easy fashion, but then you never can tell what is going to happen in the city league. Not so long ago the Grocers set the Rails on their ear in a rather unexpected manner, and the next night the Rails turned around and walloped the life out of the Monongah Glass outfit, not allowing them a hit or a run. Just who will form the battery for the Glassies tonight is not known. Joe Venesky will be behind the bat and it is very likely that Keeffe will be on the firing line. If the star hurler from the Consumers is in good form, the Grocers will have to have their best batting eyes on to make many binges. Keeffe has much smoke, a good curve and has a good baseball-hand, which is a very fine combination for a pitcher. The fans are on edge for a good baseball game, there having been no baseball at South Side park for several days, and it is likely that there will be a large turnout of fans at the ball park this evening. The Glassies have a big following and these fans are sure to be on hand to root for their favorites.

Some Local Sport Chatter

Unless there is a big change in the weather conditions that prevail this morning, there is small chance that a baseball game can be staged at South Side park this afternoon.

It would be a shame to lose a mid-week Monongah Glass game, as this team is the biggest drawing card in the league. There is always a big crowd out when the Glassies are to be seen in action.

Brooklyn, Pittsburgh and New York were idle yesterday while the Reds were dividing a twin bill at Boston, Boston taking the first game of the double-header after an extra inning fight.

Pittsburgh will play a double-header at the Polo Grounds today.

Three and Two

The golf instructor said: "You must stand thus and so; Then take an easy swing And watch the pellet go."

"Beware of awkward stance And mind your follow through; Keep both eyes on the ball Whatever else you do."

"When standing on the tee You swing your wooden club And then address the ball In order not to dub."

The pupil then believed He knew how well enough And so he smote the sphere And knocked it in the rough.

He told the pro: "I plumb Forgot to do it all; It seems to me that I Did not address the ball!"

Whereat he wandered through The underbrush until He found it; there and then He thus addressed the pill:

"You blank and dash and blank. You dash, blank, rubber bean!" And then he took another swing And put it on the green.

Is golf going to become a regular spectacle—a sport that hundreds of thousands will enjoy just as they do baseball?

Recent tournaments seem to indicate a growing interest in the game as a thing to see as well as to play.

The western open championship at Chicago drew tremendous crowds of interested golfers. The Toledo tournament was featured by great preparations and plans to take care of the thousands who wished to see the great players of this country and abroad perform.

When a golf crowd is well handled it is a real pleasure to watch a splendid player in action. In this country we are gradually learning the importance of controlling crowds at tournaments and this care and supervision have helped popularize the game as a spectacle.

Golf can never have the sustained thrill of baseball. Even Vardon or Ray cannot arouse the enthusiasm on the tee that Babe Ruth can at the plate, but the appreciation of the value of watching a star is growing.

The golf beginner or the golfer who wishes to learn can get much good out of watching the stance and swing of someone who knows how. It is a good thing for the game to encourage tournaments and galleries.

MUCH INTEREST IN GRID GAME

Great Crowd Will See Early Season Classic Here.

While it is yet several weeks until the football season gets under full steam, there is much interest being shown by the football bugs in this section already, and there is plenty of evidence to back up the statement that this promises to be one of the biggest years for the gridiron game in all history, not only in this section but in every part of the country.

A peculiar thing happens this year. One of the biggest games of the season will be played on opening day. West Virginia and Wesleyan will clash in this city late in September, and the greatest crowd that ever attended an athletic event in this section is expected to witness the game. It has been stated at Morgantown that if West Virginia is to have a successful football season she must win the Wesleyan game. It is seldom that a game on which the success or failure of a season rests is played the first thing during the season. Both teams will go to training camps around the first of the month, Wesleyan going to Webster Springs and West Virginia to Mountain Lake Park.

With such a vital contest coming the first thing on the schedule, the athletes will have a very intensive training program, in order that they may be on edge for the great clash at South Side park. Fairmont High will have a very fast team this year and will be under the direction of Frank Lee and E. D. Kahn. It is possible that the high school stars will be taken to a camp up the river for a week or two before school opens where preliminary training will be indulged in. The high school lad will be called upon to face the strongest teams in the state before the close of the campaign this year.

GRIF LOADS UP
WASHINGTON—Clark Griffith is star hunting. To date he has landed Frank Brower of the International League and "Bing" Miller of the Southern Association, both home-run kings.

TURNING POINT.
NEW YORK—Giant fans are of one voice in claiming that the bringing of "Beauty" Dave Bancroft to the Polo Grounds was the turning point of the McGraw machine.

BAD BREAKS.
LOS ANGELES—The Angels have got in bad breaks. Accidents to McDonald, Griggs and Nelhoff have kept them out of the race. They are making a fight to finish in the one-two-three money.

Realty Deeds Are Filed for Record

The following deeds have been filed with County Clerk A. G. Martin:

L. B. Cooper, guardian, et al. to R. C. Cooper, a parcel of land in the town of Farmington, in Lincoln district. Consideration, \$363.50.

M. V. McCray and husband to Lawrence A. Cather, a parcel of land in the Conklin addition to the city of Fairmont. Consideration, \$3500.

Mary M. Hall to Waitman E. Cunningham, a parcel of land on Glade Fork of Binghamon creek in Mannington district. Consideration, \$3000.

W. E. Cooper, wife, et al. to R. C. Cooper, a parcel of land in the town of Farmington in Lincoln district. Consideration, \$100.

FLIRT WITH BAKER.

NEW YORK—The Yankees are again flirting with "Home-Run" Frank Baker. There is a possibility he may yet aid Huggins in his pennant fight.

A river lock, that serves between times as a drydock, is a curious feature of the Warrior river in Alabama.

To gain water power, plans are being made to divert the high-level rivers to southern Germany to the low-level system of the Main.

4000,000 PEOPLE

Annually use these tablets of organic iron—Nuxated Iron—to build up red blood, strengthen endurance.

Dr. H. B. Vail, formerly Physician in the Baltimore Hospital and a Medical Examiner says: "There are thousands whose bodies are aging and breaking down at a time when they should be enjoying that perfect health which carries defiance to disease simply because they are not awake to the condition of their blood. By allowing it to remain thin, pale and watery, they are not giving the natural life forces of the body a chance to do their work. Iron is red blood food and in my experience, I have found no better means for building the red blood corpuscles and helping to give increased power to the blood than organic iron—Nuxated Iron." Nuxated Iron comes in tablet form only and does not contain any ordinary metallic iron but only the finest quality of pre-digested organic iron which is easily assimilated by the blood.

Another Game Is Postponed

Rain again spoiled a scheduled baseball game at South Side park last evening. The Grocers and the Four States team from Annabelle were scheduled to meet in an exhibition game at the South Side ball lot, but shortly after the noon hour, President Bohler of the city league announced that owing to the fact that the grounds were in poor condition following the rains of Monday evening the game could not be played. Rains during yesterday afternoon would have made the field unfit for play at any rate. There has been no ball game at South Side park since last Friday, but it is hoped that it will be possible to stage a contest this evening.

MEDALS ENOUGH
SAN FRANCISCO—Charley McCarthy, lightweight champion of Canada, has turned up on the coast looking for work. He wears eight medals and a total of 14 bars. He was a member of the famed Princess Pat regiment.

NO REGRETS.
NEW ORLEANS—In spite of the fact that Larry Gilbert could have been an Indian regular this year, with chances for a pennant cut, he isn't sorry he didn't join them last spring.

Atlantic City Saturday Noon

PETHEY BOY!

Just a night flash by fast mail to uncork you a real fuss-stirring idea that has five aces shaded!

Now, bolt this down:—no two people, unless they run a circus or write encyclopedias, ever agree offhand on which is a camel and which is a dromedary when you line the two up and check off one hump on one and two humps on the other. You can't do it with the sun shining!

Spill this "hump" question first time you're in a bunch of live ones—if you want to see fur fly! Never heard such a wind-jamming squall in my life as tonight when I passed it to our crowd! You know Betty Ellen Jones. Well, she said a dromedary was a he-camel hunting a date in the desert! And, Betty's "Vassar, '20"—rah, rah! All right, Betty!

All you've got to do is dig out your deck of Camel cigarettes. That "bird" out front clinches the argument—apparently—but!

In the classic language of bigger business circles—"you tell 'em Cricket, Katy did!"

Report your luck quick. Try it on old Jig Jones! And listen, Peter. I'll shortly slip you some smoke news that'll make Jake's ideas rattle like a tin can tied to a towser dog's tail! S'long!

Yours for warm socks next winter! *Shorty.*
